## Expertise through experience

**PRESSOR** is a market leading manufacturer of high quality compaction equipment. We offer you a complete range of equipment for collecting and compacting recyclables and waste. Partner up with us. We are there for you all the way!

## Benefits for you

- + Save time and increase productivity!
- + Gain valuable floor space!
- + Optimize logistics! Reduce transportation costs!
- + Safe and comfortable working environment
- + More profitable waste management and increased income from sales of recyclables

# INNO 100

## Compact baler with large infeed

### OPTIMIZED FOR:

#### PAPER

+ Cardboard

#### PLASTIC

+ Shrink film

### VERSATILE AND RESILIENT BALER

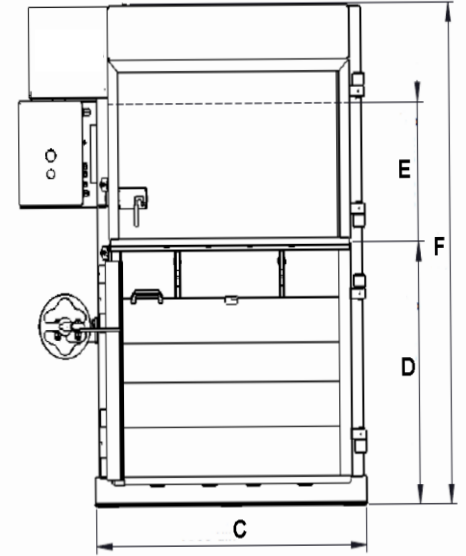

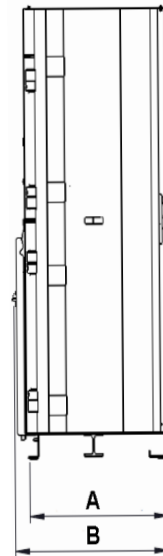

Our tough and robust baler has a strong construction, a long service life and many application areas.

### SINGLE PHASE

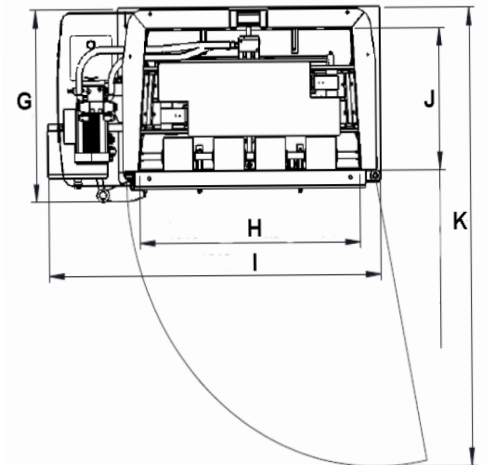

INNO 100 is a single phase unit, which makes it easy to place in different businesses and environments.

### SEMI-AUTOMATIC BALING

The manual bale binding by strap or wire is a simple procedure and the when pushing the buttons on the side of the machine, the baler automatically ejects the bale.
